The project stays. Just the positions are deleted, but I don't think you have to do anything with that.

Jon,

I'm a little unsure what to do with this draft relating to the zoo interchange. Is the intent to delete the zoo interchange enumeration under the JFC sub, or to leave the project enumerated but eliminate this position authority? Since LFB is handling position changes, depending on your answer, I'm not sure whether I need to do any drafting on this one.

Thanks. Aaron

The appropriation is 395 (3)(cr). Don't worry about the transfer. That's a transfer between budget lines within the appropriation, which we will handle.

Jon,

Can you tell me from what appropriation these 25 positions are funded?

Also, I'm unclear about the transfer of funding for consulting engineers? Do you also want an appropriation (funding consulting engineers) increased, and if so by what amount? Thanks. Aaron
